- Four weekly passes can be bought in bulk by businesses and providers who regularly process and pay out travel expenses.
- Passes are given to applicants by the business, as and when required, eradicating cash handling and the admin that comes with it.
- Passes must be date stamped by the business before they are given to the applicant.
- Passes can be purchased for various travel zones. They allow access to all Arriva services within this zone.
- Contact Mark for further information and pricing.
